High Roller is one of the most exciting young bulls in the ABHA. Very few bulls combine the eye appeal, performance, and proven genetics that he has to offer. He is a son of Jo Black Jack 4217 who has proven himself to be a calving ease bull with exceptional growth traits. Add the maternal side of High Roller with some of the great bulls in both the Angus and Hereford breeds in S A V Final Answer and Tundra 63N and you have the makings of a very special bull!
