

# WHEN YOU NEED IT ALL

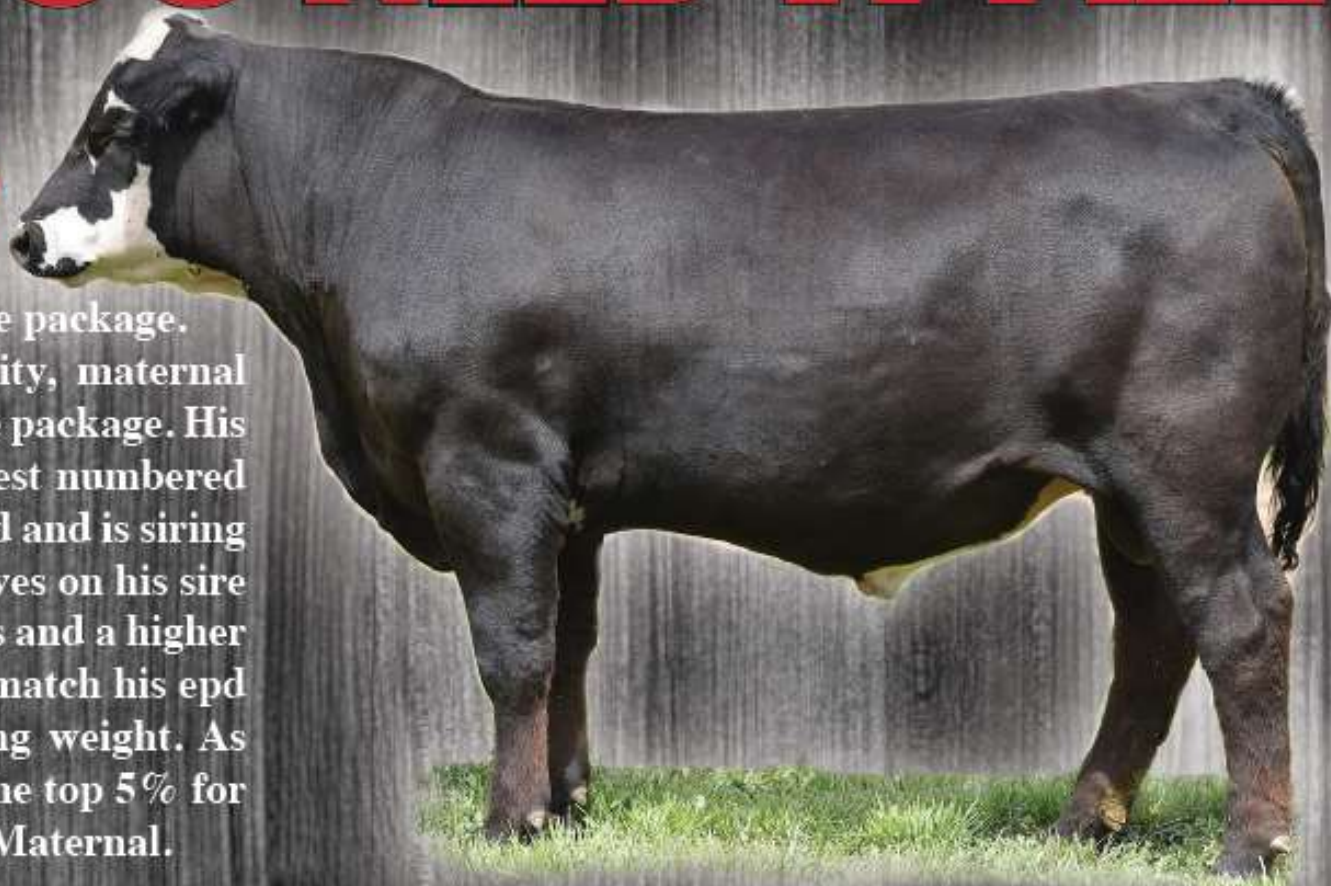

## **JO BLACK OPS 5309**

*Homozygous Black*

Jo Black Ops 5309 is the complete package. He has calving ease, growth, docility, maternal ability, and style in a high percentage package. His sire, Jo Lightning JN A923, is the best numbered bull to ever come out of the J&N herd and is siring amazing progeny. Black Ops improves on his sire by adding solid calving ease numbers and a higher percentage. Not many AI sires will match his epd spread from birth weight to yearling weight. As well as his maternal ability he is in the top 5% for Milk and the top 15% for Total Maternal.

*Semen \$25/straw and \$50/certificate.*

Both bulls are co-owned by  
Crescent Hill Black Herefords and Jo Bulls.
